

# Microsoft OneNote Training

GoSkills online course syllabus

Tuesday, November 30, 2021

**Skill level**

Beginner

**Lessons**

44

**Pre-requisites**

None

**Versions supported**

Microsoft 365

**Video duration**

2h 35m

**Estimated study time**

18h for all materials

**Instructor**

Thomas Fragale

## Getting Started with OneNote

---

- 1** **Navigate the OneNote Interface**  
This video will show how to start the OneNote desktop app, and how to navigate the OneNote screen.
- 2** **Create Your First Note**  
This lesson will help you create your first Note in OneNote.
- 3** **Format Your Notes**  
This lesson will show you how to format the text of your notes in OneNote.
- 4** **Create a List**  
This lesson will show you how to create and format a bullet list and a number list in OneNote.
- 5** **Copy Formatting, Delete, and Save**  
This lesson will show how to copy the formatting of the selected text to other text on the page.

## Managing Your Notes in OneNote

---

- 6** **Insert Space Between Note Containers**  
This lesson will show how to add more space between your containers.
- 7** **Split and Merge Note Containers**  
This lesson will show how to split a container into two separate containers, and also how to merge two containers into one.

**8** Use the Notebook Navigation Pane  
This lesson will show how to navigate to different Notebooks, sections, and pages within OneNote.

**9** Manage Notebook Sections  
This lesson will show you how to create and manage sections within OneNote.

**10** Organize with Page Groups  
This lesson will show you how to manage the pages and page groups within OneNote.

**11** Organize with Section Groups  
This lesson will show you how to create and manage section groups.

**12** Use a Page Template  
This lesson will show you how to quickly use a pre-formatted page with page templates.

**13** Control Paper Size  
This lesson will show you how to manage the page size of a page in OneNote.

**14** How to Access and Write a Quick Note  
This lesson will show you how to get into the Quick Notes notebook of OneNote.

**15** Customize the Quick Access Toolbar  
This lesson will show you several ways to add or delete icons from the Quick Access Toolbar.

## Taking OneNote a Little Further

---

**16** Use the OneNote To Do Tag  
This lesson will show how to create a quick To do list in OneNote using the To Do tag.

**17** Create a Handwritten Note  
This lesson will show how to create a note by writing on your monitor, tablet, or device.

**18** Convert Handwriting to Text  
This lesson will show you how to convert your handwritten text into typewritten text in OneNote.
