Michael de la Maza, PhD

## Introduction

---

### 1 More than just a game

Chess has a lot to teach those in the business world when it comes to strategy, decision making, and overcoming challenges.

## Making Connections

---

### 2 Understanding what matters

When approaching a new field, you can easily find yourself feeling overwhelmed, so it's important to find what's most important.

### 3 Looking at data

Once necessary step towards success in a chess game is to collect and analyze data before considering your opinions or those of your opponent.

### 4 Sweating the small stuff

Small details can make a big difference when it comes to success in the game of chess.

### 5 Practice makes better

Practicing is the best way to refine and improve a skill.

### 6 Ignoring critics

The game of chess is one where often, your opponent can try to get in your head.

## Conclusion

---

7

## Playing to win
